

AMENDMENTS TO THE CLAIMS

The following is a complete list of the claims.

1. (Currently amended) A feed composition comprising an animal feed, about 0.25 to about 10% ~~industrially prepared~~ by weight of triglycerides containing C₄-C₁₂ medium chain fatty acids and about 100 to about 10,000 ppm active lipolytic enzyme, wherein said feed composition is dry. ~~for use as a medicament, wherein said industrially prepared triglyceride consists essentially of C₆-C₁₀ medium chain fatty acids.~~
2. (Previously presented) The feed composition according to claim 1 for use as an antimicrobial agent.
3. (Previously presented) The feed composition according to claim 1 for preventing digestive upsets.
- 4-8. (Cancelled)
9. (Previously presented) The feed composition according to claim 1 wherein said active lipolytic enzyme is a lipase.
10. (Previously presented) The feed composition according to claim 1 wherein said active lipolytic enzyme is an esterase.
11. (Previously presented) The feed composition according to claim 1 wherein said active lipolytic enzyme is a mixture of lipase and esterase.
12. (Previously presented) The feed composition according to claim 1 wherein said active lipolytic enzyme is present in a commercially available lipolytic enzyme composition.
13. (Cancelled)

14-20. (Cancelled)

21. (Currently amended) Feed composition according to claim 20, ~~wherein the animals are 1~~
for feeding early weaned piglets.

22-25. (Cancelled)

26. (Previously presented) A feed formula comprising 1 to 5% of the feed composition according to claim 1.

27. (New) The feed composition according to claim 1, wherein said triglycerides consist essentially of C₆-C₁₀ medium chain fatty acids.

28. (New) The feed composition according to claim 1, wherein said animal feed is a synthetic animal feed.

29. (New) The feed composition according to claim 28, wherein said synthetic animal feed is based on starch, dextrose, casein and a vitamin-mineral premix.

30. (New) The feed composition according to claim 1, wherein said animal feed is a commercial animal feed.

31. (New) The feed composition according to claim 30, wherein said commercial animal feed is based on maize, barley, wheat, dried acid whey, cassava, herring meal, soybean, soy-flour and a vitamin-mineral premix.

32. (New) The feed composition according to claim 1, comprising about 2.5% to about 10% by weight of triglycerides containing C₄-C₁₂ medium chain fatty acids.
